How to purchase tickets for events

For a variety of reasons you might wish to purchase tickets for events set up by your club within the ClubHub system. It might be that you wish to book onto a training session for example, to book a place on a Learn to Row course, or even to attend a wedding party.

The process of purchasing tickets for events is simple, here's how:

I. Sign into your British Rowing account

2. Select MENU

3. If you have been given an event link by your club admin, follow that link and select BOOK AS AN INDIVIDUAL. If you've not received a link you can search for events at your club by first selecting the EVENTS & COURSES tab at the top of the page, and then searching events at your club
